EDUCATION

JAMES MADISON UNIVERSITY | Harrisonburg, Virginia

May 2025

Bachelor of Science in Economics & Minor in Computer Information Systems

- Relevant coursework includes Advanced Econometrics, Intermediate Programming, Data Science, Linear Algebra, Multivariate Calculus, Economic Consulting, and Systems Design.

WORK EXPERIENCE

RESEARCH ANALYST

January 2024 – August 2024

KEEE Consulting | Charlottesville, Virginia

- Collaborated with a team of 5 to conduct a full economic & policy analysis for a client.
- Used Python, R, and SQL to conduct econometric analysis and develop ETL processes.
- Led and participated in team meetings, presented analysis reports, and provided walkthroughs of relevant programs and automation scripts.

DATA ANALYST

June 2024 – July 2024

Leadership Council on Legal Diversity | Richmond, Virginia

- Migrated the company's outdated database to Salesforce, providing a \$10,000 reduction in operation costs annually and data visualization & reporting functionality.
- Developed and contributed to several Python programs designed to transform and export data.
- Created a dashboard using Tableau that highlighted firm engagement activity and KPI's.

DATA ANALYST

May 2023 – August 2023

Junior Golf Scoreboard | Glen Allen, Virginia

- Regularly updated the company's database to display current tournament data to clients.
- Conducted Ad-hoc analyses of tournament trends and user engagement.

PROJECTS

INVENTORY MANAGEMENT SYSTEM

August 2024 – September 2024

Personal Project

- Developed a Java app that allows users to track their businesses inventory and transactions.
- Includes a dashboard that utilizes forecasting models for sales and order data, and charts displaying key product and supplier information.

CSV AUTOMATION TOOL

July 2023 – August 2023

Junior Golf Scoreboard

- Developed an ETL tool using both Excel and Visual Basic to replace manual data cleaning.

SKILLS
